Marionettes Storm Campus Today

Juniors Will Give Hallowe'en Party Saturday Evening

WITCHES AND BLACK CATS
WILL CAVORT ABOUT
THE SCENE

To Be In Women's Gym

DANCE WILL CLIMAX GAME
WITH CHICO ON
SATURDAY

A real Hallowe'en sports dance, sponsored by the Junior class will be given Saturday night, October 29, in the Womens' Gymnasium.

The committee headed by Elbert Eaton, and aided by other Juniors, are making final preparations for this gala event, which will provide a fitting climax to the Chico football game Saturday night.

While the dance will not be a masquerade affair, the decorations and lighting effects will speak for themselves of the Hallowe'en season; witches, black cats, and everything.

Faculty members who will chaperone the affair are: Mr. and Mrs. Rodgers Lee, Mr. and Mrs. Irwin Blesh, Mr. and Mrs. Charles Walker, and Mr. and Mrs. Wilbur Hubbard.

Music will be furnished by a six-piece orchestra, under the direction of Milton Jenkins, music major.

Mrs. Gray Speaks Before State Art Students

Mrs. Lillian Gray spoke on the clothing problem to a group of 15 or 16 of Mrs. Turner's advanced art students at the weekly tea given on Wednesday in the Art building.

Mrs. Gray, a newcomer to the Educational department, spoke on three aspects of the clothing problem, planning a wardrobe, buying a wardrobe, and wearing it.

Estate of James D. Phelan Gives \$10,000 to San Jose State College For Literary and Poetry Awards

HIKERS PLAN TRIP TO MOUNTAIN PEAK NEXT SUNDAY

Loma Prieta, a hike peak in the Santa Cruz Mountains, is the objective announced for the hike next Sunday under the auspices of the college hiking group.

Through the courtesy of Mr. R. B. Barrett, assistant county health officer, permission has been obtained to make the ascent over a private trail from a point a few miles beyond Almaden. The trail has some steep slopes and is rather brushy for part of the way, but the view is an unusually fine one in clear weather, and the round trip is only about 10 miles.

All members of the faculty and student body are invited, and may find detailed announcements on the bulletin board in the main hallway. The college truck is not available for use this year, and the group is therefore dependent upon the generosity of those who have cars. To equalize the expense the committee has arranged for a gasoline fund, to which those without cars are asked to contribute.

S. J. College Night Is Held at Theatre

College night was held in behalf of the football team at the Mission Theatre on October the 25th, last Wednesday night. The feature picture was "All American," a football picture showing the heroism of American football.

The Spartan glee club and the Spartan band were the guests of the Mission for this picture. The glee club sang two college songs and were led by their student director, Jerry Erwin.

THE LATE SENATOR JAMES
D. PHELAN HONORS POET
LAUREATE IN WILL

By Gail Baldwin

San Jose State College is to benefit from the will of the late Senator James D. Phelan, who has bequeathed ten thousand dollars, the income of which is to be used for poetry awards and for the Montalvo competition in literature.

This institution should tremendously appreciate the philanthropy of the late Senator, whose interest in the Arts will be of such great benefit and stimulation to creative writing in poetry and prose. To the memory of Dr. Henry Meade Bland, late poet-laureate of the college, is owed a measure of gratitude, for it was his friendship with the Senator which resulted in the latter's interest in the college and ultimately has made it beneficiary in his will.

The donation falls into two sections. Two hundred and eighty dollars is for prizes in poetry, and the prose prize of one hundred and eighty dollars covers the short story, one-act play or essay. Forty dollars is laid aside for a May issue of "El Portal," which will be a memorial edition, and for that reason will be much larger than ordinarily as it will contain the prize-winning selections. The awards will be bestowed with ceremony also in May.

No more than two prizes may
(Continued on Page Three)

NOTICE

There will be an important
Ex-Board meeting Thursday at
4:00 o'clock in the Times office.

CAMERA CLUB IS NOW HOLDING EXHIBIT IN ROOM 1

In recognition of a year of activity the San Jose Camera Club is holding an exhibit in Room 1 of the Home-Making building.

The print exhibition was formally opened Tuesday night by Sigismund Blumann, who is editor of the Camera Craft Magazine in San Francisco.

The exhibition comprises 59 pictorial photographs, of which 37 are the work of Blumann and the remaining 22 by members of the club. In his talk he outlined the possibilities of a photographic process designed by himself, which he calls the "lithobrome," and by which process some of his prints on exhibit were made.

The Camera Club prints represent a variety of subjects and photographic processes which were all highly praised by Mr. Blumann.

The exhibits mounted under glass, and may be seen during the remainder of the week in Room 1 of the Home-Making building.

New Photos Are Now Being Taken

Freshmen and those who have lost their Identification Cards may have one more opportunity to have their pictures taken if they have not already done so. Watch the Times for this late date. There will be an extra charge for re-takes.

If you have not yet called for your Identification Card, please do so at the Controller's Office, next to the Times office.

Remember to watch for the last date.

Two Performances Only Are Planned for State College

SPARKLING PROGRAM WILL
BE OFFERED AT EACH
PERFORMANCE

On Transcontinental Tour

PROMINENT MOVIE STARS
ARE REALISTICALLY
PORTRAYED

For the first time in the history of San Jose, Monro's Hollywood Marionettes, under the sponsorship of the State College Times, today will present a matinee performance at 2:15, and an evening performance in the Morris Dailey auditorium.

Stopping at the college on a transcontinental tour, the troupe of marionettes, at least four feet high, will present "Cinderella," "The Lost Adam's Diggins," and a selected bill of vaudeville.

Aid for Times

Money derived from the two performances will be used to assure the issuance of the paper for four times a week for the remainder of the quarter. Tickets are 35 cents for adults, and 15 cents for children.

Teachers Interested

All future teachers are interested in the presentation as it is
(Continued on Page Three)

Tickets for the Concerts Are Obtainable

Tickets for the Second Annual Concert Series are available now in the office of Mr. A. Otterstein, head of the Music department. They will not be placed on sale again in the Quad until November 8th, a week before the first concert, which will feature Charles Cooper, pianist. Mr. Otterstein said that tickets could either be bought or reserved by those intending to go to the concerts.

Burns and Hamilton Receive Largest Number of Votes for Yell Leader

Howard Burns and Jim Hamilton will run over for the position of yell leader next Monday, as neither had a majority of the votes cast.

Burns led Hamilton yesterday by a total of 33 votes, and the latter led over Palmer by 30 votes.

Palmer, as a result, will be an assistant yell leader. The second

assistant will be the one who is eliminated at Monday's election.

Charles Spencer was the fourth man who was running for the office.

Dario Simoni, newly appointed election judge, was in charge of the first election of the quarter.

The one who is elected at the coming election will be varsity yell leader for the entire year, and will be a member of the student body executive board.

Jean and Jesse Stirling, Violinist and Pianist, on Musical Half-Hour

The fourth musical half hour of the quarter will be given Friday, October 27th, by Jean and Jesse Stirling, violinist and pianist, respectively, in the Little Theatre.

The program will be opened by Jean Stirling with a group of violin numbers: "Spoon River," by Percy Grainger; and "Cradle Song," Brahms-Grainger. The second group will consist of piano numbers by Jesse Stirling: "Indian Lament," by Kreisler; and "Cree War Dance," by Fred Car-

din (Pejawah). The composer of this number is a full-blooded Cree Indian. The last group will consist of a violin suite: "Suite Populaire Espagnol," by De Falla. The various numbers in the suite to be played are: "Nana," "Cancion," "Polo," and "Jota." Miss Jean Stirling will be accompanied by her sister.

The Stirling sisters were well received in their programs of last year, and are certain to please noon music-lovers.

Dr. Cross Speaks on Causes and Cures of World's Depression

What is the worth of the methods which have recently been adopted to end the present world-wide depression? What are the future prospects of American business? What part in causing the depression was played by such things as the stock market speculation during Coolidge prosperity, the orgy of installment buying, the tariffs, reparations and war debts, and over-production?

These are questions which will be answered for residents of San Jose, at 8 p. m., Wednesday, November 2, in the State Teachers College Assembly Hall, by a nationally known economist, Professor Ira B. Cross of the University of California.

This lecture by Professor Cross is one of a series arranged by chapters of the California Alumni Association for the purpose of introducing the leading members of the university faculty to the state. Arrangements for the San Jose meeting are in the hands of Mrs. F. A. Curtiss of San Jose, representing the Santa Clara County Chapter of the Alumni Association. The public is cordially invited to attend the lecture free of charge.

Professor Cross, in a communication to the committee in charge of the meetings, said today: "I shall take up a discussion of the various factors that got us into the hole in which we find ourselves at present."

It is Professor Cross' opinion that the United States was on a climb out of the depression as long ago as December, 1930, and continued on the up-grade until May or June, 1931, when affairs in Europe reestablished depression conditions. Germany almost went into insolvency, England abandoned the gold standard along with thirty other countries, and France made a raid on the dollar to force the United States into a similar position. This was impossible because of the gold reserve, but the general result of all these things was to force America into the hole again.

Dick Hughes Will Be State College Manager

Dick Hughes has just signed a contract with the Postal Telegraph Company as State College representative. This is the first time that they have had an agent here.

Mr. Hughes would appreciate any support that the student body can give him. Blanks are to be found in the Co-op.

Since Western Union also has a representative here, it looks as if there would be a lively scramble for business, especially with the Christmas holidays coming along. Time alone will tell who is the better man. Harry Hawes, the Western Union agent, has the jump on Dick in that he has been at it a little longer.

RURAL CLUB NOTICE

The Rural Club, a division of the General Elementary Club, will meet in room 155 at 7:00 o'clock this evening. Among features of interest will be a talk by Miss Toles, supervisor, on Amendment No. 9. A general invitation is extended to all, whether member or not.

J. C. Teachers Give to Community Chest, Faculty Social Fund

DONATIONS ARE DOUBLED BY MEMBERS OF FACULTY

Voting to impose upon themselves the same reduction in salary as was incurred by members of the faculty of the Teacher's College, the Junior College faculty will make contributions to the Community Chest and to the Faculty Social Fund, and will pay for membership in the National Education Association and the California Teachers Association. The remainder of the money will be returned to all members of both groups pro-rated according to the amounts deducted from their salaries either by voluntary contributions or the Junior College Fund.

Because the Community Chest will be used to disburse the charity fund, the sum was increased from \$2500 of 1931, to \$5000, or a 100 per cent increase. Dr. T. W. MacQuarrie feels that the citizens of San Jose will greatly appreciate this expression of liberality on the part of the college.

Mr. Thompson, the college finance officer, will have general charge of the collections and disbursement. Dr. MacQuarrie plans to appoint an auditing committee from the Junior College list to check the accounts before the final disposition of the funds are made.

The amounts left over after the above expenditures will be returned to the employees of the college as specified. The contributions have been made to show the people of the community that the college is sympathetic with the difficulties in which citizens in general find themselves, stated Dr. MacQuarrie.

San Jose State College Is Faced by Bright Future in Athletics

The athletic world of our own San Jose State Teachers College is coming forth into a new era. With the acquiring of a new coaching staff, new campus practice field, new players, new uniforms, and new enthusiasm comes a new idea—training table. Dad DeGroot, the football coach with the sales powers of an insurance and bond agent combined, is the instigator of this worthy and much needed idea.

In the week's practice held before the starting of school, training table was conducted at the Health Cottage on South Eighth street; out-of-town players slept as well as ate there. Since then the table has been transferred to the school cafeteria, where an evening meal is served immediately after practice sessions.

According to DeGroot the fundamental reason for maintaining the training table is to enable the players who live in the surrounding towns to have an early meal. As he states, "By the time the players finish showering after practice it is 6 o'clock or later. A good number of the players live in surrounding towns such as Palo Alto, Los Altos, Los Gatos,

State Amendments Are Discussed Next Friday Noon

In response to a desire expressed by several faculty members, the Social Science department is sponsoring a group of discussions on the proposed amendments to be voted upon at the coming election.

The first meeting will be at 12:30 Friday noon in Room 17. Meetings are planned for next Monday and Tuesday noons also. See the faculty bulletin board for the program of each meeting.

Among the discussion leaders will be Senator Jones, Dr. Staffeldt, and Dr. Campbell. Mr. Poytress will conduct the meetings.

The purpose of the meetings is purely explanatory and informational.

Both faculty and students are welcome to attend and ask questions at the meetings.

Lost and Found Articles Should Be Claimed

The Lost and Found department of the Y. W. C. A., who have their office in room fourteen of the main building have issued the following names that have appeared on articles that have been turned in.

Andersen, Marie
Carli, Ruth
Fowler, Antoinette
Gardner, Harris
Kiperash, Dolly
Langford, C. E.
McDermotte, Marjorie
Rapport, J.
Reynolds, Dorothy
Reynold, R. W.

The office hours are from 11 to 3 on Monday, Wednesday and Friday, and from 9 to 4 on Tuesday, and Thursday.

and Campbell; by the time these fellows get home it is around 7 o'clock. Mothers have to warn the meal over or prepare another meal which the boy doesn't particularly care for. Soon either he or family tire of this late meal idea and he drops from the squad, something we are doing our best to prevent."

A second reason cited by Coach DeGroot is the fact that training table is very instrumental in obtaining high moral for the squad. Players getting together at a meal after practice can talk over different plays and get better acquainted over a slow leisurely meal than any place else.

Training table, though an expensive undertaking for a school without living organizations, provides the players with the necessary foods to build their strength and stamina for the grueling practice sessions and games.

DeGroot also explains that all expenses involved in the running of the table is taken out of the athletic fund. Instead of buying new equipment for the squad they are spending a good deal of the allotment to do such.

Allenian and Delta Nu Theta Societies Are Contributors

AID WILL BE NEEDED FOR POOR DURING THE WINTER

With the Allenian and Delta Nu Theta off to a hundred percent start, and the Japanese Club close behind, the school Community Chest drive has started off with a bang.

By the end of the week other organizations on the campus hope to have chalked up their 100 per cent returns, making San Jose State one of the first organizations to complete its quota.

Community Aid

With Christmas, Thanksgiving, and a hard winter coming up, San Jose, as a community, realizes that it must provide for its needy, and San Jose State College being one of the largest organizations in the community should help provide aid for the coming months.

At school it is not the large amount, particularly, that an individual can give, but it is the collective amount of the entire student body, which will make San Jose State College as a whole 100 per cent.

That is an aim—a great aim, and should be taken as such by every single member of the student body, to say nothing of the individual organizations that are swelling the fund for the 1932 Community Chest.

Spanish Honor Society Holds Hallowe'en Party

Holding a Hallowe'en party at the studio of Mrs. Jay Elder on 12th street, Thursday evening, October 20th, the Spanish honor society entertained its members after a short business meeting. Mrs. Elder has recently been in Spain, where she did some painting, and she discussed her work. Games were played, and the Hallowe'en motif was carried out in the decorations.

Mrs. Bert Lindeman, an honorary member, Dr. and Mrs. L. C. Newby, Mr. Frank Chaffant, and Miss Meta Goldsmith were the guests of the society.

LOST

Black patent leather purse, containing money, student body card and keys. Please return to Mary Tracey or Lost and Found department.

Alumni Should See About Getting Their Guest Cards for Dance

Alumni, who desire cards in order to attend the student body dances must now be a member of the Alumni Association for this year, according to a new ruling made by the student executive board. They must present their receipt for dues from the association to Miss Helen Dimmick, dean of women, before she will issue the alumni card.

The dues for the organization are \$1.00 per year, and membership may be applied for in Miss Lydia Innes' office, Room 108.

As the alumni card does not carry guest privileges, the guest must be a member of the student body or alumni association, or pay 25 cents admission for the evening.

Science Group Hears Dr. Pickwell Speak on Animal Breathing

BEST OF CAMERA SLIDES ILLUSTRATE LECTURE FOR CLASS

At the Science Seminar Monday a most interesting program was presented, featuring one of the progressive steps made in the teaching of Biology. Dr. Pickwell, the speaker of the afternoon, lectured and showed one of the best of the film strips made by the department.

The subject of the lecture was "How Animals Breathe." From this rather poor title, Dr. Pickwell made a highly interesting lecture. The evolution of respiratory systems in the advancing phyla was presented in a comprehensive and condensed form. The aid of the film strip was graphically evident.

These strips are becoming more important in teaching as they are further developed, and this work of the science department is highly commendable.

These are some of the interesting peculiarities of the development of the breathing apparatus in animals. Clams have two lungs on each side of their body, and the lungs serve not only to breathe with, but also to catch food and hold the developing eggs. Frogs have three ways of obtaining oxygen, and some tree salamanders without any respiratory organs except a moist skin, live their whole life out of water.

The seminar had several visitors and refreshments were served. At least, the coffee helps the weary student to keep awake when the lights go off for the pictures.

Irwin Announces Concert Tour for Members of Glee Club

Gerry Irwin, the new Spartan Glee Club director, at the last meeting of the club, which was held on Tuesday, October 17th stated that if the club would get in and dig it would be very possible that they would take a trip in the very near future.

A business meeting was called to order by Vice President Carl Palmer. The club made a motion to the effect that the effort of the club be doubled so that the proposed trip could be made possible.

If the Spartan Glee Club should make this trip, it will have been the first club to make an attempt so early in the season. The reason that the trip is proposed at all, is due to the fact that the club is composed of all second year men who are experienced.

The Spartan Glee Club meets every Tuesday and Thursday night at the hour of 7 to 8, in the Music building.

Dr. Carl Duncan Is Speaker at Meeting of Natural Science Club

The first of a series of lectures was given by Dr. Duncan before a large group of students, who were interested in Natural Science, last Monday night. The relay of Dr. Huxley's lectures, which were given at Stanford, was a great success.

Proofs why man was the only organism that could possibly have developed with an intellect were given. Proofs as to why man could proceed only in the way he is now proceeding were also given.

Those who attended this lecture left with a feeling of being just a little bit better informed as to the "whys" of life. These lectures will continue every Monday evening. All students who are interested in Natural Science are cordially invited.

IDENTIFICATION CARDS
Will be necessary for all activities from now on. If your picture did not turn out, have your membership card punched as a pass, any AFTERNOON this week in the Controller's Office.

an opportunity to see wire marionettes of such an unusual size in work.

The originator of the marionettes has invited all who attend to come back stage after the performances to see the marionettes and how they are manipulated.

Cinema Stars Appear
The entire cast for the show is composed of caricatures of the cinema stars of the day, and are a study in the use of realism in the marionette world.

Miss Marjory Cowan Killed in Auto Accident

Miss Marjory Cowan, Northern California representative of the National Broadcasting Company Artists' Service, and agent and arranger of San Jose State's Concert Series, was killed in an automobile accident Monday, October 24th, scarce two weeks after making plans with the Concert Committee of the college. Miss Cowan died instantly when the machine in which she was riding overturned near Tracy.

During her short sojourn in San Jose, Miss Cowan made many friends. Her interest in the college and its activities was wholehearted, and was heartily praised by those who came in contact with her work.

Miss Cowan was mainly instrumental in arranging for bringing the Vienna Boys' Choir to State, in San Jose, January 10.

Organizations Must List Members and Officers

Out of the forty recognized organizations of the college, only seven have filed lists of their officers and members with Miss Helen Dimmick, dean of women. Miss Dimmick requests that the societies send her these names as soon as possible, as there is a constant demand for them.

Delta Nu Theta, Allenian, Iota Delta Phi, El Circulo Cervantes, Tau Mu Delta, and Black Masque have sent in their lists complete, while Smock 'n Tam has sent in only the list of officers, and if the membership.

A portion of the first act of "Anna Christie" will be presented. The following people will take part: Irving Minnahan, as Johnnie the Priest; Dick Glyer, as Chris; Viola Gillis, as Anna; Marge Collis, as Marthy Owen; and Carl Palmer, as Larry.

Dr. Holliday Addresses Philosophy Group Next Monday

"What shall we do with our intellectuals?" This question, obviously of great importance to students at State, will be discussed by Dr. Carl Holliday at the next Philosophy dinner, to be held Monday, October the thirty-first.

Is there no normal curve in the distribution of intelligence, and is society being burdened with an over-supply of genius which dare not soil its hands? The affirmative answer to these queries is Dr. Holliday's contention. The Philosophy group, headed by Dr. Robinson, will follow the speaker's address with a symposium upon the subject.

The place for the dinner to take place has not yet been decided upon, dining rooms Chinese, Italian, and American are being considered. The dinner is very moderate in price. Anyone interested in philosophy, theoretical or practical, is invited to attend.

Carl Palmer Elected Publicity Director of Junior Class Activities

The Junior Class at its last meeting in Room 1 of the Home-Making building, elected Carl Palmer as chairman of a special publicity board that will take charge of all advertisement of class functions. Several chairmen were the guests of Mr. Minssen at a luncheon directly after the meeting.

At this meeting plans for the coming quarter's activities were made. Ideas flew fast and furious, after the brainstorming had cleared and the meeting was again called to order it was found that the Junior class had decided to have a free formal, a Junior prom, and several other events which will prove to be of enjoyment to the students of the college.

Cast of "Anna Christie" Presents Junior Skit

Mr. Hugh Gillis, coach of "Anna Christie," has consented to give a short skit from the first act of "Anna Christie," the coming play. A skit of this play has been long awaited by the college. The Junior class is very proud of the fact that they were the first class in the college to be presented with the skit.

A portion of the first act of "Anna Christie" will be presented. The following people will take part: Irving Minnahan, as Johnnie the Priest; Dick Glyer, as Chris; Viola Gillis, as Anna; Marge Collis, as Marthy Owen; and Carl Palmer, as Larry.

"Anna Christie" Cast Is Considered Over Most Difficult Work

H. GILLIS SAYS BEST PLAY IN HISTORY OF HIS LEADERSHIP

The embryo period of the great production ever staged in San Jose State College has reached its completion, and the play now goes into the stages where finesse and polish must round it into the work of art O'Neill intended it to be.

In an interview with Mr. Gillis, director of the play, it was revealed that the characterization surpasses all anticipations, and will be better than any ever under the direction of Mr. Gillis. Mr. Glyer, in particular, is doing an excellent piece of work, portraying the old Swedish sea captain with a realism that would look well on the professional stage. Dick, it seems, has spent the better part of the summer studying the part, and has been discovered several times in a rather delicious waddle that is beginning to develop into something very similar to a "sailor's roll". It is the greatest part of his stage career in this school, and should effectively display his talent in the line of character work.

Ticket sales are increasing every day coincident even with the development of the play. There are very few seats left for Friday night, but there are many for Thursday. Tickets are on sale in the Quad and may be obtained there up until the night of production.

"Do your Anna Christie shopping early."

Do Students Stay at Home or at Fraternities?

Do the best students stay at college dormitories or Greek letter houses? This argument of old has been settled for the time being at the University of California at Los Angeles with the dormitory residents the winners.

With an average of 1,343 the members of the Phrateres, an organization of women living in dormitories, out-classes the sorority women with a 1,265 average, as it was announced by Helen M. Laughlin, dean of women.

Phelan Arranges for State Literary Awards

(Continued from Page One)
be won by any one person. The judges reserve the right to refuse to award prizes to any contribution which they do not consider of sufficient merit.

The list of prizes follow below. For the best short story, one-act play, or essay: 1st prize, \$30; 2nd prize, \$20; 3rd prize, \$10.

For the best lyric poem: sonnet, ode, ballade, rondeau, rondel, etc.: 1st prize, \$40; 2nd prize, \$20; 3rd prize, \$10.

For the best narrative poem: 1st prize, \$40; 2nd prize, \$20; 3rd prize, \$10.

For the best poem in blank verse (not narrative): 1st prize, \$40; 2nd prize, \$20; 3rd prize, \$10.

For the best poem in free verse, or in forms not above specified: 1st prize, \$40; 2nd prize, \$20; 3rd prize, \$10.

Injuries May Cost DeGroot Chico Tilt

Conference Teams Pointing to State as "Team To Beat"

CHICO WILDCATS ENJOY WEEK'S REST; ARE READY FOR S. J.

"Beat the Spartans," is the familiar chant to be heard in the Far Western Conference at the present time. Pacific and Fresno have both taken their chance, only to be rebuked. With San Jose leading the conference, which was here-to-fore unheard of, each member of the league is out to take the supposedly weak sister into camp.

This Saturday, Chico State will journey to San Jose with grim determination of avenging defeats already registered by the Spartans. They will probably receive the same reception given to the other sisters of the conference.

The northern team is considered as the weak team in the league this season and San Jose should win without a great deal of effort, but you can never tell what might happen in a football game. The breaks can easily turn the tide of the game.

DeGroot wants to take this game as easily as possible so as to be in shape for the Nevada Wolves the following week. However, they will not take this game in stride as they consider it as being one of their most important games of the year. Even though they have a record which is far from impressive they are far stronger than their record indicates.

The Wildcats took a bye last week in order to specially prepare for the Spartans. They should be in the best of condition. Coach Acker has thoroughly scouted the San Jose team and will be fully prepared to stop anything that is thrown against his Wildcats.

California Sophomore Linemen Show Up Well

The good showing of the University of California sophomore linemen, which included Boone, Meek, Gill, and Christie, in their traditional football tussle with St. Mary's two weeks ago, may be laid to some neat psychology on the part of "Stub" Allison, assistant under Bill Ingram.

Just before game time Allison called all the sophomore linemen into a corner and handed them all a ticket to the game. "What's this for?" was the question asked by all the men. To this Allison replied, "I see by the papers that these big powerful Gaels are going to hit you so hard that they will knock you clear out of the stadium. You will have to have tickets to get back in."

Everybody knows how well all the Bear line played in that thrilling 12-12 tie.

SCOTT Collins is a tackle, while Scott spells off with Whitaker at center. Both these boys are putting up a terrific fight for their positions. Collins did some great work in stopping the Fresno center smashes, and has given Sandholt a scare by his brilliant play.

Spartan Spasms

By Murdock and Bishop

Well, we see that Bill Keeley has taken off his ear muff—Bill says it made him walk around in circles. We've heard people wondering whether it was a cauliflower or just a wart. Bill had his ear pretty well banged up and we're certainly glad to see him getting along O. K.

Ed Riley is back and says he's going to be all ready for Nevada when the Wolves come to town. It looks like Dud could use Ed to pretty good advantage if he is in shape. Ed is plenty tough—it takes a lot to hurt him.

Speaking of scores, the New Mexico Aggies and the New Mexico Mines played a football (?) game last week. The final score was Aggies 108, Mines 0. They seem to play football in a big way in New Mexico.

Highlights on Chico's Invading Wildcats:

Dick Jenks—a big, fast back, who does everything well, a triple threat man of the first water. Spartan track fans will remember him as the lad who gave Captain-elect Doug Taylor such a battle in that memorable quarter mile in the Conference meet last spring.

"Hank" Henry—another track star who is reputed to be quite some pumpkins in the way of a ball packer for the Wildcats this season.

Captain Jack Rennells—quarterback of the invading host who has performed against San Jose several times before. He is said to be a heady field general as well as a fiery team leader.

"Honk" Meyers—San Jose just can't seem to get away from 200 pound centers. First came Niswander of Fresno.

FRESHMAN SQUAD WILL TAKE WEEK OF REST SAYS BLESCH

IS TO MEET ARMSTRONG AS PRELIMINARY TO NEVADA GAME

Due to the inability to land a team which will afford much competition, the Spartan Frosh will not play a game this weekend. The next game will be on November 5, a preliminary to the Nevada-San Jose State varsity tangle and the opposition is to be the Armstrong J. C. team of Oakland.

Armstrong is being coached this year by the man who handled the Modesto J. C. team last season—Coach McCart. This means a chance for a small amount of revenge for the defeat tacked on to the Spartan record by the valley Junior College last year.

The local Frosh will have a chance to recuperate from the hard game with the Fresno yearlings last week and expect to be in top shape by the Armstrong game. The Frosh will scrimmage with the varsity on Thursday afternoon.

Now Mr. Meyers appears upon the scene. "Honk" is a seasoned veteran, which ought to help in the middle of the Wildcat line in their attempts (notice we say "attempts") to repel Spartan ball carriers.

Orville Mohler, Southern California backfield star, is probably looking for his headgear which so mysteriously disappeared after the game Saturday at the Stanford field. He would no doubt be enlightened if he were to ask Ben Thomas, State sophomore, what he was concealing under his overcoat about the time the helmet became conspicuous by its absence.

Girls' Sports

By Dorothy Dechman

Swimming club is again functioning! All girls interested in competitive swimming and diving or playing water games, should certainly keep Tuesday nights from 7:15 to 8:45 open for swimming.

In addition to swimming and diving, water catch ball, a game for girls that is fast taking the place of the more strenuous men's water polo, is being introduced in swimming club. The game is loads of fun and any girl who is a fairly good swimmer is invited to participate in the fun.

Another bargain! All recreational swimming hours are free. All one needs is a heart and feet O. K. card and may swim during any or all of the recreation hours. Girls may have their feet O. K.'d Tuesday night at the pool, or any time, at the Health Department. Last quarter's heart cards may be used.

And now, don't you wish you'd already joined the swimming club? Wednesday night the club had a special swimming party at the pool with a "Pig Latin" party afterwards at the home of Miss Gail Tucker, swimming coach. Pig Latin was used for all introductions and general social amenities. Carrying out the "pig" motif were sausage sandwiches for the refreshments and a pig Latin nursery rhyme contest.

The girls' tennis tournament is well under way, though time for first round matches has been postponed to Saturday evening, October 29. Matches should be arranged immediately, because players will be eliminated if first round matches are not completed by this date.

Backfield Injuries Make S. J. Eleven Real Mystery Team

RILEY, GRIFFITHS, EMBURY MAY BE FORCED OUT OF WILDCAT GAME

"My kingdom for a quarter back!" With this mournful appeal ringing in the air, Coach Dag DeGroot sent his Spartans through their first workout since the Fresno game yesterday in preparation for Saturday's struggle with Art Acker's Chico State Wildcats. With one fell swoop injuries have robbed DeGroot of the services of the three men who have done most of the signal barking in the last three games. Ed Riley suffered a slight concussion of the brain and an injured shoulder in the Fresno game which may keep him out for some time to come. George Embury's knee injury makes him an indefinite quantity as far as the Chico game is concerned. Jim Griffith, the third man in the trilogy, is sporting a pair of crutches as the result of a foot injury sustained in the first quarter of Friday's game.

This leaves only Roger Moore to carry the burden among the regular quarterbacks. However, there is a possibility that Delos Wolfe, who has starred at both left and right half in the last two games, will be shifted to quarter to temporarily strengthen that position. Wolfe worked at quarter during the earlier part of the season and so is acquainted with the plays from that position.

Charlie Baracchi was reported in the Health Cottage with a bad cold, but he is expected to be on deck Saturday, along with Dee Shehtanian, one of last week's cripples.

Leon Jacobs' Guessing Contest Offers New Prize

Leon Jacobs, local clothier, is offering another necktie this week to the winner of the following dope sheet. Deposit sheets in box just outside Times office.

San Jose State Chico State
Santa Clara St. Marys
Stanford U. C. L. A.
U. of Washington Missouri
U.

Notre Dame Pittsburgh
Last week there were 79 answers to the contest, and the best guess picked only two of the six games by the correct scores, so there is a chance for everybody.

Following are the results of the matches already completed:

Jean Hawley def. Janet Hopkins: 6-2, 6-4.
Claire Coolidge def. Anita Puchett: 6-2, 6-0.

Sally Ciraula def. Bernice Sailer: default.

Helen Bing def. Dorothy Silva: 6-4, 6-4.

The Fundamental Skills classes are staging a tournament. Each of the six classes are holding its own tournament and the finals are to be held next Tuesday at 11 o'clock.
